AP Human Geography Summer Assignment

This activity will give you an idea of some of the major concepts and questions that this course will attempt to teach about in the modern world. Realize that Human Geography focuses on relevant and pressing issues that affect everyone and shapes the world we live in. It is our hope that this class will make you more aware of the world at large.

Directions:
1. Use YOUR brains! – This is a more descriptive way of saying no cheating! Follow the instructions and use your brains, this is an exercise to see what you know and THINK.
2. Work Together! You will need to make allies in this class! The more people you can rely on a friend in this class, the better! We can all help each other succeed, so let’s start today by working as teams!
3. Whenever you color or shade a country on the map, make sure to LABEL that country on the map in PEN.
4. Remember that each part of this assignment should have a separately printed world map associated with it. Label each map with the part that you are doing. DO NOT PUT ALL THE PARTS ON THE SAME MAP.
5. Be sure to write legibly and neatly - if your teacher cannot read it, your teacher cannot grade it.
6. When turning this assignment in, make sure to have it in the correct order (Part 1 through Part 7) and placed in either a 3-pronged folder or 1-inch binder. DO NOT TURN IN LOOSE SHEETS OF PAPER.
7. If you have any questions or concerns about this assignment, you may email us at Matthew.Chambers@ocps.net, Erica.Egan@ocps.net, and Matthew.Panzano@ocps.net.
8. You can use the following websites to help guide you through the assignment:
   a) https://www.worldatlas.com/ - This website gives basic information on every country in the world.
   b) https://www.gapminder.org/ - This website gives demographic data (birth rates, population density, etc.) of every country in the world.
   c) https://ourworldindata.org/human-development-index - This website gives economic / development data on countries around the world.
   d) https://www.cia.gov/library/publications/the-world-factbook/ - This website allows you to look up any country in the world and gives detailed information on them based on the CIA’s research.

**IF YOU WORK WITH OTHER PEOPLE ON THIS ASSIGNMENT, PLEASE HAVE THEM SIGN AND PRINT THEIR NAMES ON THIS FRONT COVER SO THAT WE ARE AWARE AND DO NOT PENALIZE FOR CHEATING.**

**PART 1: POPULATION**

a. Define “arithmetic population density” and “rate of natural increase” on your Word Bank Sheet.
b. Use your **RED** colored pencil to shade the three countries that have the highest population overall.
c. Use your **BLUE** colored pencil to shade the three countries that have the lowest (arithmetic) population density in the world.
d. Use your **YELLOW** colored pencil to shade the three countries with the lowest population growth rates (Rate of Natural Increase) in the world.
e. Use your **GREEN** colored pencil to shade the three countries with the highest population growth rates (Rate of Natural Increase) in the world.
f. On the back of your map, answer the following:
   1. Which region of the world do you think will experience the biggest problem with overpopulation? Why do you believe this? **(Note: the answer must be handwritten in blue or black ink).**
   2. Why do you think some countries are losing population?

**PART 2: MIGRATION**

b. Use your **DARK GREEN** colored pencil to draw an arrow into the **REGION** of the world that receives the most immigration.
c. Use your **ORANGE** colored pencil to draw an arrow out of the **REGION** or area that has the most emigration.
d. On the back of your map, answer the following:
   1. Why do you think people are moving into those regions of the world? Give specific examples. (pull factors)
   2. Why do you think people are moving out of those regions of the world? Give specific examples. (push factors)

**PART 3: CULTURE**

a. Define “culture” and “folk culture” on your Word Bank Sheet.
b. Use your **PURPLE** colored pencil to outline the country that has the most **ENGLISH** speakers.
c. Use your **ORANGE** colored pencil to shade three countries with folk cultures and list the folk cultures.
d. Using five colors of your choice, label the countries that each of the following 5 religions are the most prominent by writing **A LARGE LETTER** in the country itself.

<table>
<thead>
<tr>
<th>Judaism - J</th>
<th>Christianity - C</th>
<th>Islam - I</th>
<th>Hinduism - H</th>
<th>Buddhism - B</th>
</tr>
</thead>
</table>

**PART 4: POLITICS**

b. Use your **ORANGE** colored pencil to shade three countries with a federal government.
c. Use your **GREEN** colored pencil to shade three countries with a unitary government.
d. Use your **RED** colored pencil to trace three geometric boundaries.
e. Use **A PATTERN OF “X’s”** to label all areas that are currently experiencing war.
f. On the back of your map, list three supranational organizations.
PART 5: AGRICULTURE
a. Use your BROWN colored pencil to draw polka dots in the country that is the biggest producer of WHEAT worldwide.
b. Use your YELLOW colored pencil to draw triangles in the country that is the biggest producer of CORN worldwide.
c. Use your BLACK colored pencil to draw stripes in the country that is the biggest producer of RICE worldwide.
d. Use your LIGHT GREEN colored pencil to shade the REGION with the highest BEEF consumption.
e. Use your PINK colored pencil to shade the REGION with the highest PORK consumption.

PART 6: DEVELOPMENT and INDUSTRY
a. Define “GDP” and “GNI per Capita” on your Word Bank Sheet.
b. Use your GREEN colored pencil to shade the three counties with the highest GDP in the world.
c. Use your RED colored pencil to shade the three countries with the lowest GDP in the world.
d. Use a PEN to write the GNI per capita within the borders (or with an arrow pointing at the country) of the following countries: Switzerland, Norway, U.S.A., South Korea, China, Brazil, South Africa, Mongolia, Chad, and Madagascar.
e. On the back of your map, answer the following:
   1. Is wealth evenly distributed across the world? Use the data from the map to support your answer.
   2. Why do you think wealth is distributed this way in the world?
   3. Which country or region do you think is most important to the global economy? Explain why.

PART 7: URBAN GEOGRAPHY
b. Use your BLUE colored pencil to mark the following Primate Cities with a BIG “X”:
   i. London
   ii. Mexico City
   iii. Paris
   iv. Tokyo
   v. Mumbai
   vi. Rome
   vii. Jakarta
   viii. Manila

c. Research the top 10 densest (most populated) cities in the world. Then, use your RED colored pencil to mark those cities with a BIG CIRCLE.
d. On the back of your map, answer the following:
   1. Why do you believe people move to big cities? (Note: Please do not simply say “To follow their dreams.” Explain with detail!)
   2. How is living in a big city different than living in the countryside?
   3. Do you believe people are more likely to move to a big city if they are traveling from a shorter distance or a longer distance? Explain your answer with detail!
Define each term listed that was used in the assignment. Please use quizlet.com as a reference for all terms.
